Location (EN, DE, PL, SK, SR, HR, HU, ES, RO, SL)	780,- (per language)
PFXimports - program for (semi-automatic) importing data	780,-

START version: After sending the registration information (from web, email) you will receive the license code that you enter into the demo version. Then will be created the database for START: You can enter 5 of your machines and fully test the possibilities of Profylax.

Full versions: With a bill, you'll receive the license lists that allow you to work with the database size chosen. Upgrading is seamless - you get a new license code and after entering the database capacity will increase accordingly. No reinstallation is necessary. It can for example simply continue from version START and gradually increase to the highest version or add new modules.

MOBILE APPLICATION SmartPFX	EUR without VAT
Mobile app module + first license for mobile devices (1 license)	780,-
License for each additional device (phone / tablet)	78,-

The program is provided with hot-line service on phones and e-mail, the first year is for free, in the following years to pay an annual maintenance fee (H&U) 20 % of the program price. This fee is included as well as providing an ongoing upgrade.
